Rufus Giwa Polytecnic, Owo

Mar 2011 – Dec 2013

## Employment

**Front end developer**

Jan 2021 – Oct 2022

Janis tradomedical, online

- I am responsible for developing a fullstack web application by integrating REST API and working closely with back-end developers.
- I design the website's user interface based on Figma design and ensure it is user-friendly To keep up with the latest trends,
- I research and incorporate the newest software and tools into the web application.

## Profile

Frontend engineer proficient in writing clean and reusable code. To maintain and improve the usability of online applications, I keep up with the most recent tools. My professional objective is to create methods and software tools that enhance the delivery of services and result in great projects.
